

The Wave

Integrated solar PV and EV mobility hub project

The Wave is seeking expressions of interest from suitably experienced and competent contractors in relation to the design, supply and installation services of a multi-technology, solar PV, energy storage and EV mobility hub development.

The proposed works includes a 2.97MW ground mounted array, solar car ports, a solar smart flower, EV, fast charging mobility hub and 130kW, 380 kWh flow energy storage system.

The project is receiving joint funding from the European Regional Development Fund as part of the European Structural and Investment Funds Growth Programme 2014-2020. The Department for Levelling Up, Housing and Communities is the Managing Authority for the European Regional Development Fund.

Established by the European Union, the European Regional Development Fund helps local areas stimulate their economic development by investing in projects which support innovation, businesses, creates jobs and local community regenerations. For more information visit: <https://www.gov.uk/business-finance-support/the-growth-fund>.

The appointed contractor will be required to act as Principal Contractor on the project, and engage with suitably qualified sub-contractors to complete the delivery of the project.

The Project is expected to begin in May 2022 with completion in December 2022.

Interested parties should contact thewave@syzygyconsulting.eu by 12:00 (noon) on Friday the 18th of March, providing contact details for receipt of the full invitation to tender (ITT).

The ITT will be provided to interested parties by 17:30 on the 21st of March 2022 with tender returns to be submitted by 12:00 (noon) on the 25th of April 2022. Full instructions will be provided in the ITT.
